### FAU supports two online platforms:

- BlackBoard
- E-college

### Interactive Television and Videotape:

Credit courses in Business, Engineering, Nursing and Science are broadcast to FAU distributed campuses and local participating business facilities via ITFS microwave, compressed video or videotape.

### FEEDS:

FEEDS: The Florida Engineering Education Delivery System is a statewide system whereby graduate level engineering courses are delivered to industry sites and cooperating centers around the state. FEEDS is a cooperative effort among the colleges of engineering and other Florida institutions. It is possible to earn a MS in Engineering through this program.

### Full Degree/Certificate Programs:
